

TRAVEL TO UTAH

About Traveling to Utah:

We love having you come out to Utah and delivering here. We feel we are a great support to you and we have wonderful counseling and great doctors and hospitals. We pick you up from the airport and take you to your "New Home". We give you an allowance per week for food and essentials if you do not have food stamps (this is on a case by case basis). We take you to your doctor appointments and support you through your delivery. You are welcome to stay up to **3 days after placement**, or travel after 24 hours of being released from the hospital. It is your choice.

BUT, If you are having doubts about being committed to adoption, PLEASE DO NOT COME HERE TO UTAH. If you change your mind before or after delivery, you will receive **the basics** to get you and your baby home, i.e. blankets, clothes, formula, and diapers. You will then be provided a bus ticket home. You have every right to parent your baby; just don't travel to Utah if parenting is an option for you.

We do not want this to make you feel pressured to place the child for adoption or pressured into parenting; we just want you to stay in your home state if you do not feel 110% committed to placing.

If you do want to travel here to Utah to deliver and place your child for adoption, **we will need your medical records and proof of pregnancy from your doctor prior to traveling.** If you have not had prenatal care then we will start here. This is not a problem at all. We will fly you out here no sooner than 2 weeks prior to your due date. I promise you will be much happier here if you wait until then. We will need to know what airport you will be flying out of and how you will be getting there. Remember you must have picture ID to travel and you must be at the airport one-hour prior to take off. If you choose to come please sign this document so we know you have read and understand All for Love Adoptions, Inc. policy.

I have read and understand All for Love Adoptions, Inc.
TRAVEL TO UTAH policy; I agree with this and still want to
travel to Utah for the delivery and placement of my child.
